

# 14 JUNE 2016

## LAND GRABS – THE LAW, THE CASES, AND THE IMPACT ON WOMEN AND MARGINALISED GROUPS

Please come and join us in a discussion on land rights of women and marginalized groups in different parts of the world, learn about the work of Lawyers' Against Poverty and how you can assist. You will hear first-hand from those working on 'land grab' cases, including two speakers assisting communities in Kenya.

You will also hear about the Kilimanjaro Initiative that will take place in October this year, seeking to mobilize rural women from across Africa towards an iconic moment at the foot of Mt Kilimanjaro, as a platform to raise awareness of and secure property rights to women.
